Quebec Regional Council

North of 60 Project  
2021 Annual Report

We are very happy with this first delivery in this project, and this is just the beginning!

On Wednesday, October 13, under a small autumn sun, while the mercury was 13 degrees, the team from the Society of Saint Vincent de Paul - Quebec Regional Council (SSVP-QRC) was preparing boxes of winter clothes for First Nations and Inuit people as part of the initiative funded by the Secrétariat aux affaires autochtones and coordinated jointly by the the Ungava Lodging Center in Kuujuaq and the SSVP-QRC in Montréal.

This was the first delivery of a 750 kg batch of clothes, 300 kg of which were sent to Kuujuaq by Air Inuit and nearly 450 kg delivered to indigenous organizations in Montréal.
