Who is Second Harvest

- Canada's largest food rescue organization, with programs across the country.
- Active in Quebec since 2020
- We partner with donors to rescue food and redistribute to organizations across the country.

Our impact in 2021

- ✓ 41 million pounds of food rescued.
- ✓ Supported 4.2 million Canadians.
- ✓ Providing 110,000 meals every day for a year.
- ✓ 73 million pounds greenhouse gasses (GHGs) averted.

Society of Saint Vincent de Paul and Second Harvest partnership

- Partners since 2010, with 40 SSVP across Canada.
- 28,529 lbs was rescued by St. Vincent de Paul locations across Canada.
- 38 are registered with our food app across Canada

124,000
tractor truckloads

Our latest research shows
that:

96%

of surplus edible
food produced by
the food system in
Canada is wasted.

 second
harvest

That wasted food could
provide dinner to every
Canadian, for 6 months.

60%

of Canadians are finding it
difficult to feed their families.

6.7 million

Canadians relied on charitable
food organizations in 2020

Turning Waste into Opportunity

It's easier to dispose than donate

Lack of Financial Incentives

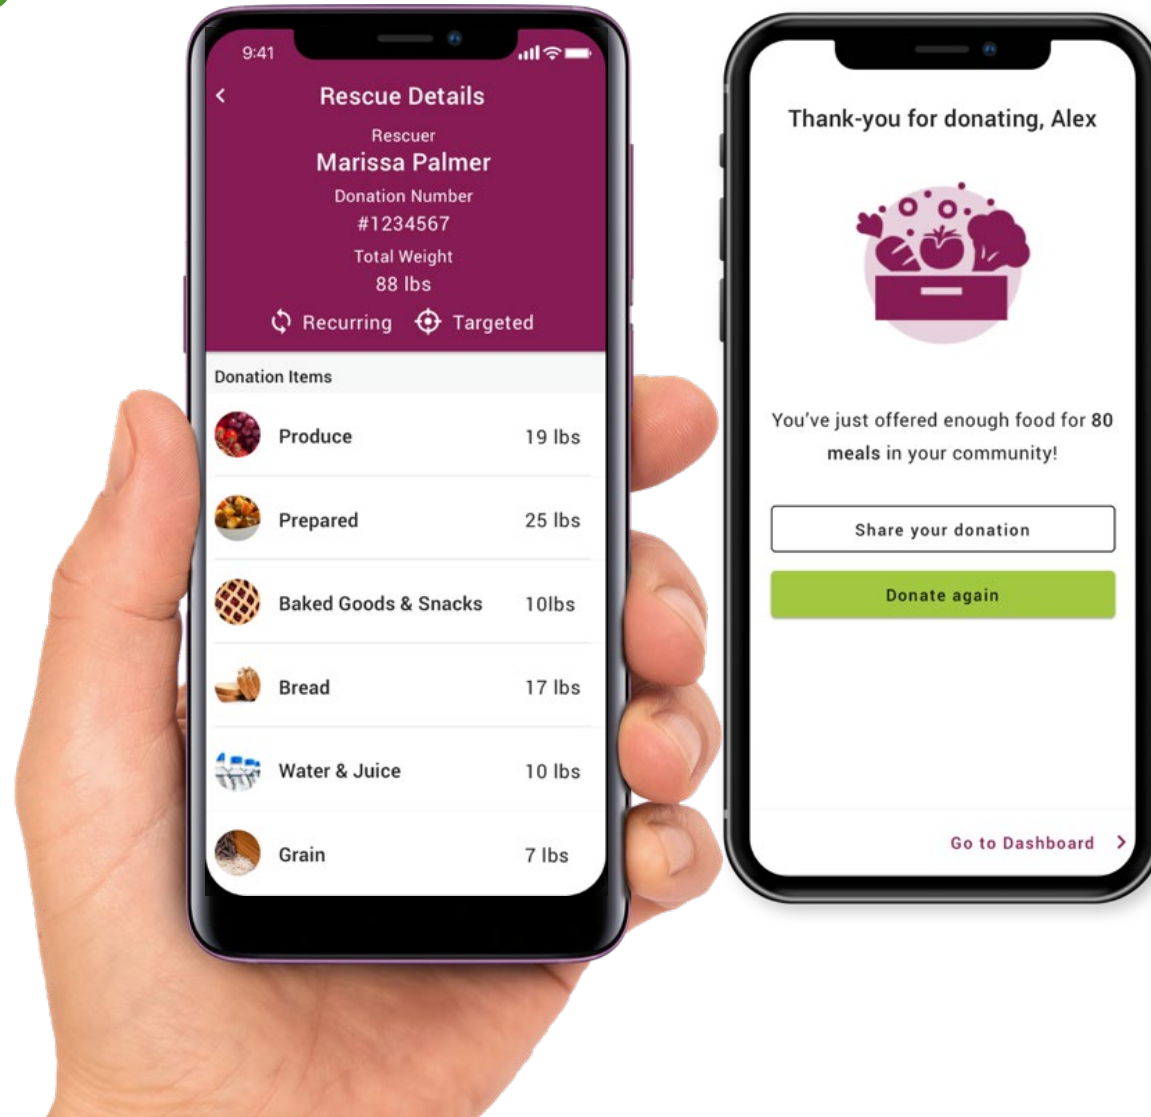

Effective Communication Coordination

17.7 MILLION
Pounds of food rescued

\$50.9 MILLION
Worth of food rescued

124 MILLION
Pounds of greenhouse gases averted

Putting Solutions on the Table

Policy Change

Build the business case for donation

Standardize food rescue and redistribution processes and procedures
