Community Impact Report • 2024

The Society of Saint Vincent de Paul across Canada

13,100
volunteers

1,559,500
volunteer
hours

95,300
meals
served
at soup
kitchens

177,400
people
served
at food
banks

125
food banks and
soup kitchens

I am excited about the future of the Society moving forward. There is great work happening all across Canada carrying out our mission of helping people in need. As we all work together for the good of the Society, we will thrive and grow together benefiting the needs of the people who rely on our support.

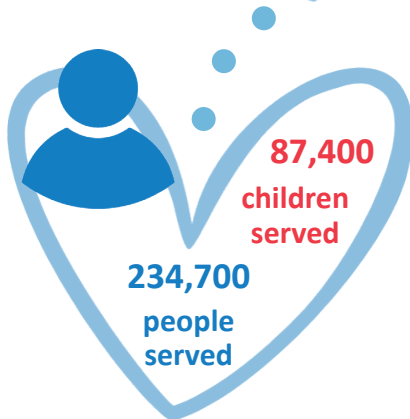

Thank you for all the amazing work you do serving the needs of our most vulnerable!

Community Impact Report • 2024

The Society of Saint Vincent de Paul across Canada

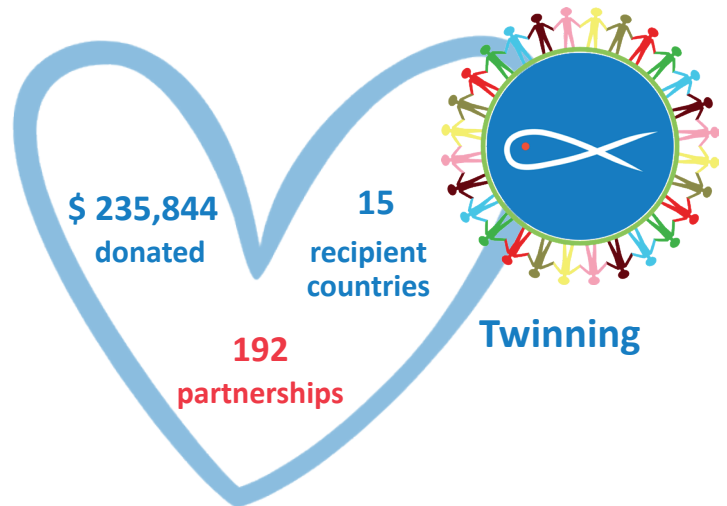

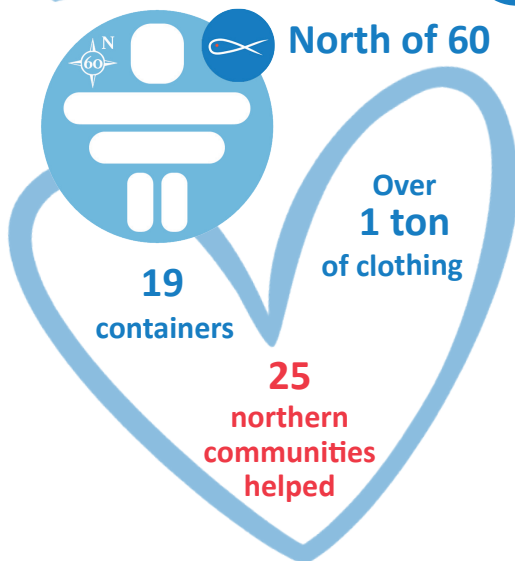

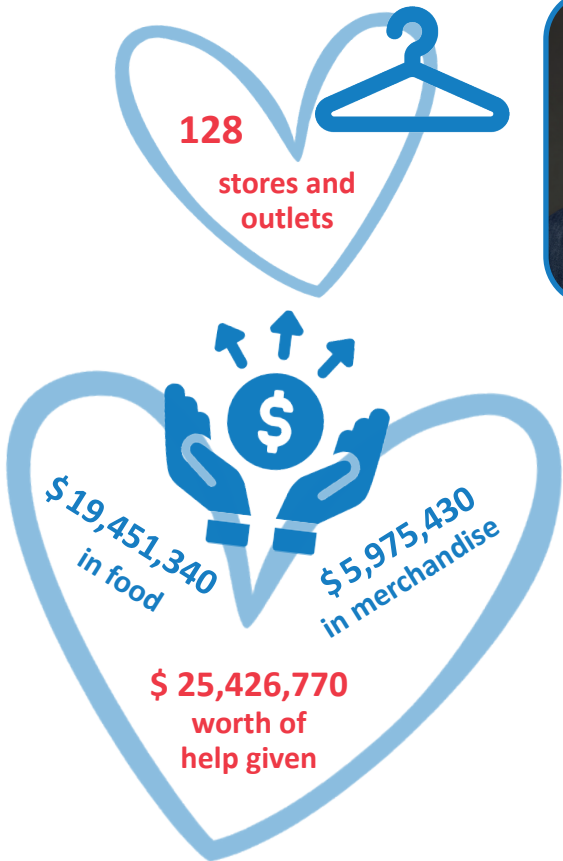

The SSVP in Canada once again delivered formidable assistance and love to our neighbours in need in 2024. Combined, the value of the material support is staggering, as are the efforts to operate our non-profit stores and the initiatives to comfort those needy communities far, far away.

What these numbers do not count are the multiple daily personal interactions and individual relationships Vincentians forge with their neighbours in need, that cut through isolation and instill hope for a brighter future.

That is what makes our efforts invaluable. As long as the needs exist, the SSVP will persevere to serve our neighbours in hope.
