

Society of Saint Vincent de Paul - Isolated Conferences in Ontario

The Isolated Conferences of the Society of Saint Vincent de Paul in Ontario remain dedicated to serving local neighbours in need. Operating across various regions, these conferences provide vital resources, foster dignified support, and continuously cultivate community partnerships to maximize their impact.

Core Services & Support Programs

1. Food Security Initiatives

Food support is delivered through tailored models based on local needs and community resources:

- **Food Banks:** Provide essential non-perishable staples along with fresh, nutritious foods including fruits, vegetables, meat, eggs, and milk.
- **Grocery Gift Card Programs:** Offer neighbours the dignity and autonomy to purchase groceries for themselves and their families based on their specific needs.

2. Thrift Stores & Material Assistance

Several isolated conferences operate community stores offering affordable, essential items, including:

- Clothing for all ages
- Kitchen items and housewares
- A wide variety of other essential household goods

Community Partnerships & Financial Support

Central to the ongoing mission of all isolated conferences is the strong support network built within their local communities:

- **Parishioner Support:** Direct donations from parishioners are deeply appreciated and remain essential to sustaining operations, enabling conferences to directly assist neighbours in need.
- **Local Partnerships:** Conferences continue to build and strengthen partnerships within their local communities to ensure resources are efficiently distributed where they are needed most.

Sincere thanks and appreciation.

Lori Stewart, ONRC Vice President, Isolated Conferences
